

# Lisenby Primary School

## Improvement Activities for the 2022-2023 School Year (ACIP)

### Student Achievement

Provide standards-based literacy and math instruction.

- **Core Literacy Instruction**  
Literacy Instruction is based on standards. Instruction will include Daily 5 structure, LETRS Routines, and small group instruction.
- **Core Math Instruction**  
Math instruction is based on standards. Instruction will include the Daily 3 structure, Number Talks, and small group instruction.
- **Focus on Academic Vocabulary**  
Instruction and activities will include the academic vocabulary of the content, including testing vocabulary.
- **Focus on Geometry Standards**  
Participate in AMSTI Geometry Experience.
- **Coaching Cycles**  
Teachers will participate in coaching cycles with the reading coach and math coach.
- **Data-Driven Tiered Instruction**  
Provide explicit Tier I instruction. Tier II instruction will be provided based on the results of benchmark data, progress monitoring, and classroom data. Tier III will be provided by intervention teachers.
- **Purposeful Use of Technology**  
Students will build technology skills through activities that integrate digital tools into literacy practice.
- **STEAM Class**  
Students will receive Alabama Digital Literacy and Computer Science Course of Study Standards and participate in hands-on STEM activities.

### Family Engagement

Provide a variety of tools to parents.

- **Chalk Talk**  
Provide resources to parents to support student success.
- **Parent Events**  
Title I Meeting, Open House, Parent Picnic, Parent Conferences
- **Daycare Outreach**  
Partner with local daycare establishments to communicate about students and kindergarten expectations.
- **Provide Reports in Spanish**

### School Culture

Provide students with leadership opportunities.

- Implement Student Leadership Curriculum
- Implement Peer Helpers

Provide training and support for behavioral and classroom management needs.

- Implement CHAMPS.
