2019-2020

Dear Parents,

The library program at Mixon offers a variety of learning experiences for your child. We will be learning library skills, reviewing the proper way to handle and care for books and checking out books. Your child will be responsible for his/her books; therefore, we must have your permission.

If a library book is lost or damaged, it must be paid for. We hope that none of the books are misplaced or damaged, but we want parents to be aware of our policy.

The opportunity to use the library plays an important part in your child's success in reading. I look forward to working with and encouraging your child to read this year.

Welcome to Mixon Library!!

Sommer Pope  
Media Specialist
